Types of Exchanges

- **Deposit First**

Use Deposit First when you know you want to travel somewhere other than your home resort. You'll have the flexibility of a four-year travel window – you can exchange anytime from up to two years before to two years after the first day of your home resort week. Be sure to deposit as early as possible to improve your opportunity for an exchange confirmation.

- **Request First**

With Request First, you get the security of retaining your home resort until you receive an exchange confirmation. Place a request and travel from two years before the week you offer in exchange, up until the check-in date of that week. Once an exchange has been confirmed, your week will be relinquished to Interval.

Successful Trades

Research the resorts in the area you want to travel.

Call Resorts if you have questions.

- There is no magic bullet
- Start as early as possible
- Deposit your week early and start looking up to 2 years in the future
- New benefit “Choose2”
- Travel insurance if resident of MT is again available
- Resort fees – some charge for various items

- Check the resorts for Wi-Fi (costs vary from \$0 to \$40 per week)
- Hot tubs
- BBQ
- Kitchens (some are listed as Limited Kitchen but only lack oven)
- Anything else you must have
- I usually talk to the operator of Front Desk
- For Resorts that you are confirmed into call them about 1 month before checking in if you have a specific area you want the condo (near pool, near BBQ, downstairs, upstairs, etc.)

- When requesting II to search, you need a total of 4 for Resorts and weeks (3 resorts for 1 time, or 1 resort for 3 time periods, or 2 resorts and 2 weeks)
- If you need 1 more for the count select someplace that is just about impossible to get (NYC)
- If you want same day check-in make request online and then call II.

E-Plus

- Can re-trade your confirmed exchange up to three times for a low, one-time fee.
- Fee is \$59
- Not available for Marriott Club Destinations, Club Intrawest or Diamond memberships
- When to use (hurricane, want to upgrade)
